

Insulating materials	Low Medium Voltage	Electric cabins and cabinets
----------------------	--------------------	------------------------------

Code: **Insulating carpets**

**Insulating rubber carpet, grey colour, antisliding clothing on both surfaces**

In conformity with	IEC 61111
--------------------	-----------

Type	<b>WI2,6/100</b>
Class	0
Thickness	2.6 mm
Height	100 cm
Maximum length	10 m
Voltage test	5 kV
Withstand test voltage	10 kV
Maximum voltage use	1 kV

Type	<b>WI3/100</b>
Class	3
Thickness	3 mm
Height	100 cm
Maximum length	10 m
Voltage test	30 kV
Withstand test voltage	40 kV
Maximum voltage use	26.5 kV

Type	<b>WI4,5/100</b>
Class	4
Thickness	4.5 mm
Height	100 cm
Maximum length	10 m
Voltage test	40 kV
Withstand test voltage	50 kV
Maximum voltage use	36 kV

Type	<b>WI6/100</b>
Class	4
Thickness	6 mm
Height	100 cm
Maximum length	10 m
Voltage test	40 kV
Withstand test voltage	50 kV
Maximum voltage use	36 kV

Accessories	
<b>Bag for carpet</b>	Bag for carpet size 100x100 cm
